SUMMARY

I am a Frontend Developer with over 4 years of experience building scalable, performance-driven, and user-centric web applications using modern technologies such as React, Next.js, and TypeScript. Strong background in collaborating across cross-functional teams, integrating APIs, and implementing responsive UI based on Figma and Adobe XD designs. Adept at handling app-wide state management, delivering pixel-perfect UIs, and deploying production-ready features. Passionate about clean code, performance optimisation, and continuous learning.
